Class discussions must begin to expose these misconceptions, to engage students in a metacognitive analysis of what really happens when they learn the most. As all learners seriously address popular conceptions regarding knowledge and learning, the "castor oil" myth will be exposed and "creative" writing and enjoyable learning may win more

the Gender Gap - After Abortion

to Reverse the Gender Gap At least one of every four women voters has had an abortion. For most, this is an ugly, painful memory. They™ve been there, done that, and hated it. They know, first-hand, that the abortion industry has failed women. This is why, contrary to popular misconceptions, the vast majority of post-abortive women don™t
